#### **Steele Memorial Medical Center Awards Scholarship to Local Student**

Steele Memorial Medical Center is pleased to announce that Jenna Glanzer, graduating senior of Salmon High School, has been awarded the 2009 Steele Memorial Medical Center Scholarship. The purpose of this program is to provide a full scholarship to a graduating high school student in pursuit of a vocation in a critical health care field.

Jenna will be pursuing a career in radiology and will be attending BSU in the fall. Under the terms of the scholarship agreement, Ms. Glanzer will be employed by Steele Memorial Medical Center for a period of one year for each year of education that is paid for by Steele Memorial.

Chief Executive Officer, Victoria Alexander-Lane explained, "Healthcare professions are demanding and require a high level of dedication. We use an exhaustive process to assure that applicants have the ability to succeed as a healthcare professional. This in turn will serve Lemhi County in the future; both to bring our young people back to Salmon and provide excellent quality care."
